QUESTION NO: 1

In addition to local authentication, what user authentication methods does Huawei USG6000 support? Multiple selection

- A. AD domain authentication
- B. Radius certification
- C. SecureID authentication
- D. TACACS
- E. LDAP authentication

ANSWER: A B C D E

QUESTION NO: 2

WLAN physical layer transmission mechanism CSMA/CA mode is full duplex mode

- A. TRUE
- B. FALSE

ANSWER: B

QUESTION NO: 3

In the networking scenario involving billing, what billing methods Huawei supports at present (multiple choice)

- A. by flow
- B. DAA
- C. EDSG
- D. by time

ANSWER: A B C D

QUESTION NO: 4

Which of the following devices is best suited for a self-service outlet as a wireless upstream gateway?()

- A. AR2220

- B. AR201
- C. AR511
- D. AR509CG-LC

ANSWER: D

QUESTION NO: 5

The main differences between Huawei's USG6000E series and other manufacturers' NGFW include

- A. Large capacity hard disk
- B. Adopt virtualization architecture, multi-service integration, and flexible integration of third-party detection capabilities
- C. New self-developed security chip with built-in acceleration engine
- D. Advanced threat detection based on AI technology, linkage cloud, threat detection accuracy is greater than 99%

ANSWER: B C D

QUESTION NO: 6

What are the series of Huawei enterprise sales firewalls () (multiple choice)

- A. USG6500
- B. USG6300
- C. USG9500
- D. USG6100
- E. USG6600

ANSWER: A B D E

QUESTION NO: 7

Which of the following models support downstream Ethernet electrical port stacking?

- A. E600
- B. S5720LI
- C. S600-E
- D. S5720EI

ANSWER: B

QUESTION NO: 8

The main advantages of Fabric Insight

- A. Support lightweight deployment
- B. Software and hardware with edge intelligence, minute-level fault delimitation
- C. Predictive maintenance based on machine intelligence
- D. Application and network inter-view, second-level fault perception

ANSWER: A B C D

QUESTION NO: 9

H3C only has S12500X-AF, which is the product with Huawei CE12800/CE12800E.

- A. TRUE
- B. FALSE

ANSWER: A

QUESTION NO: 10

Which of the following are the competitive advantages of CE12800E

- A. Support high density 36*100GE
- B. Network level packet loss detection IPCA
- C. Interface board FIB≥4M
- D. Support 1588

ANSWER: B D

QUESTION NO: 11

The main sales scenarios of industrial integration include power distribution network, highway reconstruction, financial network interconnection, etc.

- A. True

B. False

ANSWER: A

QUESTION NO: 12

The following device models are not 10 business slots.

- A. N18012
- B. S12710
- C. S10510
- D. N18010

ANSWER: A

QUESTION NO: 13

Which of the following are 10GE models TOR

- A. CE6860
- B. CE6857
- C. CE6870
- D. CE6855

ANSWER: D

QUESTION NO: 14

What are the advantages of IP hard pipes compared to traditional QoS technologies? (multiple choice)

- A. Improve scheduling flexibility
- B. Improve business experience
- C. reduces configuration complexity
- D. Improve link reliability

ANSWER: A B C D

QUESTION NO: 15

The router relies on hardware BFD and FRR technology to achieve high reliability. FRR has LDP FRR and VPN RFF. LDP FRR is tunnel level protection. VPNFRR is service level protection.

- A. TRUE
- B. FALSE

ANSWER: A

QUESTION NO: 16

Huawei cloud management network supports full lifecycle cloud management, which operations can be done in the cloud ()

- A. optimization
- B. Planning
- C. deployment
- D. operation and maintenance

ANSWER: A B C D

QUESTION NO: 17

Information security level protection requirements () above the level of the unit needs to be configured with physical isolation equipment gatekeeper

- A. Level 5
- B. Level 4
- C. Level 3
- D. Level 2

ANSWER: C

QUESTION NO: 18

Regarding the main features of the AP4050DN-HD, the correct one is () (multiple choice)

- A. As a power supplier: support POE output power supply
- B. Support vertical virtualization technology, support virtualizing switches, ACs, and APs into one device management
- C. Built-in directional antenna with antenna angle greater than 30 degrees

D. Support 2 spatial streams, MU-MIMO, whole machine rate $\geq 1.26\text{Gbps}$

ANSWER: A D

QUESTION NO: 19

What are the highlights of the 6720SI product?

- A. support card is richer than friends
- B. maximum stacking bandwidth is 352G
- C. supports 2.5G multi-rate ports and is upward compatible with 5G and 10G
- D. supports POE++90W power supply

ANSWER: D

QUESTION NO: 20

Which of the following products support RPS technology? (multiple choice)

- A. S5700-HI
- B. S5710-LI
- C. S5700-LI
- D. S5700S-LI
- E. S5710-EI

ANSWER: A B C D E
