## Topic Break Down

Topic	No. of Questions
Topic 1, Litware Case Study 1	7
Topic 2, Contoso Case Study 2	7
Topic 3, Misc. Questions	142
<b>Total</b>	<b>156</b>

## QUESTION NO: 1

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

Your company uses Microsoft Teams Calling Plans.

The company acquires a small development team. Currently, users on the team have their own direct inward dial (DID) numbers that have PSTN capabilities.

You migrate the users to Teams.

You need to ensure that the users have phone numbers. Solution: You run the New-CsHybridTelephoneNumber cmdlet. Does this meet the goal?

A. Yes

ANSWER: B

## QUESTION NO: 2 - (DRAG DROP)

DRAG DROP

You have a Microsoft Teams Phone deployment in an office.

When a user dials an emergency number, the safety team for the office is notified. Your company opens a new office that has a Teams Phone deployment

You need to ensure that the safety team for the new office is notified when an emergency call is placed from that office.

How should you complete the PowerShell script? To answer, drag the appropriate values to the correct targets. Each value may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

NOTE: Each correct selection is worth one point.

Values	Answer Area
<input type="text" value="Grant-CsTeamsEmergencyCallingPolicy"/>	Value -Identity Site1-ECP -NotificationGroup "security@contoso.com"
<input type="text" value="New-CsOnlineVoiceRoutingPolicy"/>	-notificationmode NotificationOnly
<input type="text" value="New-CsTeamsEmergencyCallingPolicy"/>	Value -Identity "Site2" -emergencycallingpolicy "Site1-ECP"
<input type="text" value="New-CsTeamsEmergencyRoutingPolicy"/>	
<input type="text" value="Set-CsTenantNetworkSite"/>	

**ANSWER:****Values**

Grant
./a TeamsEmergencyRoutingPolicy
New-CsOnlineVoiceRoutingPolicy
New-CsTeamsEmergencyCallingPolicy
New-CsTeamsEmergencyRoutingPolicy
Set-CsTenantMediaPolicy

**Answer Area**

```
New-CsTeamsEmergencyRoutingPolicy -Identity Site1-ECP -NotificationGroup "security@contoso.com"
-NotificationMode NotificationOnly
```

```
Grant ./a TeamsEmergencyRoutingPolicy -Identity "Site1" -EmergencyCallingPolicy "Site1-ECP"
```

**Explanation:****Answer Area**

```
New-CsTeamsEmergencyRoutingPolicy -Identity Site1-ECP -NotificationGroup "security@contoso.com"
-NotificationMode NotificationOnly
Grant -Identity "Site1" -EmergencyCallingPolicy "Site1-ECP"
```

**QUESTION NO: 3**

You have a Microsoft Teams Phone deployment that uses Direct Routing. The deployment has the following configurations:  
 Direct Routing Session Border Controller (SBC) public IP subnet: 198.51.100.0 Teams client external IP subnet: 203.0.113.0  
 Teams client internal IP subnet: 192.168.0.0

You need to configure the network topology to support emergency call routing. Which network range should you add to the trusted IP addresses?

- A. 52.112.0.0
- B. 198.51.100.0
- C. 203.0.113.0
- D. 192.168.0.0

**ANSWER: C****Explanation:**

## QUESTION NO: 4 - (HOTSPOT)

HOTSPOT

You use Microsoft Teams live events.

You configure a live events policy as shown in the following exhibit.

**Sales Live Event Policy**

Policy for Melbourne Live Events

Live events scheduling  On

Transcription for attendees  On  
This setting is also controlled at Meetings > Meeting policies > Voice > Calling policies and Voice > Voicemail policies

Who can join scheduled live events  
This setting is also controlled at Meetings > Meeting policies and Meetings > Meeting settings  
Everyone in the organization

Record an event  
This setting is also controlled at Meetings > Meeting policies and Voice > Calling policies  
Always record

Use the drop-down menus to select the answer choice that completes each statement based on the information presented in the graphic.

NOTE: Each correct selection is worth one point.

## Answer Area

The policy will allow [answer choice] to join a live event

	▼
only employees	
employees and their guests only	
employees, guests, and federated partners	

Live events based on the policy will support [answer choice]

	▼
attendee registration	
presenter bios	
subtitles in different languages	

## ANSWER:

### Answer Area

The policy will allow [answer choice] to join a live event

	▼
only employees	
employees and their guests only	
employees, guests, and federated partners	

Live events based on the policy will support [answer choice]

	▼
attendee registration	
presenter bios	
subtitles in different languages	

### Explanation:

#### Answer Area

The policy will allow [answer choice] to join a live event

	▼
only employees	
employees and their guests only	
employees, guests, and federated partners	

Live events based on the policy will support [answer choice]

	▼
attendee registration	
presenter bios	
subtitles in different languages	

Box 1: only employees

In the exhibit we see: Who can join scheduled live events: Everyone in the organization Box 2: subtitles in different languages

## QUESTION NO: 5

You are enabling users for Direct Routing. You already assigned licenses to the users. You need to complete the user setup.

Which two cmdlets should you run? Each correct answer presents part of the solution. NOTE: Each correct selection is worth one point.

- A. Set-CsOnlineVoiceUser
  - B. Grant-CsOnlineVoiceRoutinePolicy
  - C. Set-CsUser
  - D. Grant-CsVoicePolicy
- 

**ANSWER: B C**

## QUESTION NO: 6

You are deploying Microsoft Teams Phone.

You have offices in the United States, the United Kingdom, Brazil, India, and China. You will use Direct Routing for all the locations.

You need to create a network topology for roaming bandwidth policies.

Which two actions should you perform? Each correct answer presents part of the solution. NOTE: Each correct selection is worth one point.

- A. Add the Teams client public IP addresses to the Trusted IPs list.
- B. Create a network site.
- C. From the Microsoft 365 admin center, assign a usage location.
- D. Set Preferred country or region for media traffic for the Session Border Controller (SBC).
- E. Implement dynamic emergency calling with Presence Information Data Format Location Object (PIDF-LO).

**ANSWER: A B E**

**Explanation:**

### QUESTION NO: 8

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

Your company uses configuration profiles to manage Microsoft Teams-certified IP phones. The Standard configuration profile is applied to the IP phones.

The help desk receives reports that several user phones fail to lock automatically after the timeout period.

You need to verify whether the configuration profile is applied to the problematic phones. Solution: From Teams Devices in the Microsoft Teams admin center, you select Phones select the Configuration profiles tab, select the Standard Phone Policy, and select Assigned devices.

Does this meet the goal?

A. Yes

---

**ANSWER: B**

## QUESTION NO: 9 - (DRAG DROP)

DRAG DROP

Your company plans hosts a Microsoft Teams live event for a specific group of people.

As part of the initial setup, you need to assign roles to event group members. The members must perform the following tasks:

Invite attendees Moderate Q&A

Start and stop the live event

What is the least privileged role that can perform each task? To answer drag the appropriate roles to the correct tasks. Each role may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

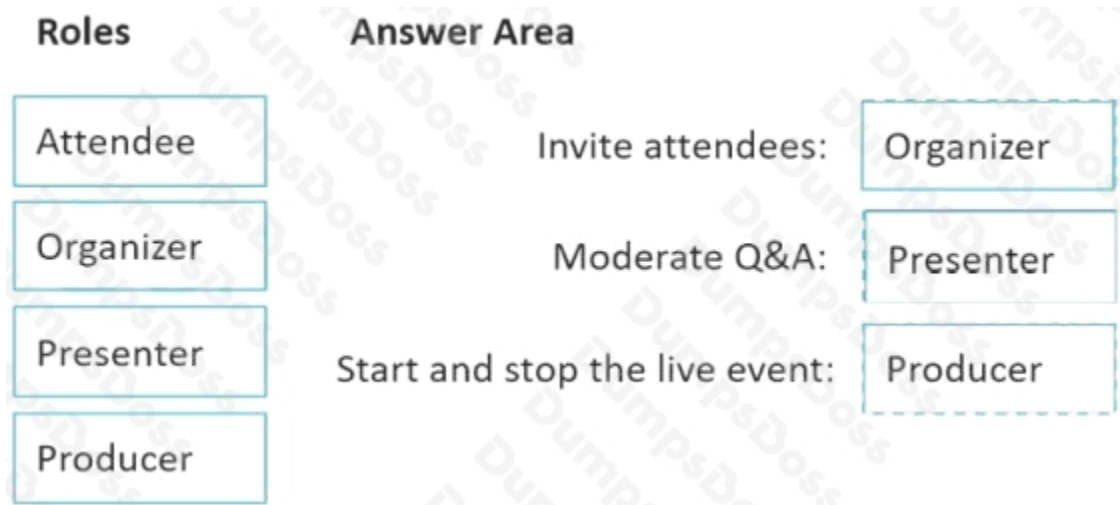

NOTE: Each correct selection is worth one point.

Roles	Answer Area
Attendee	Invite attendees:
Organizer	Moderate Q&A:
Presenter	Start and stop the live event:
Producer	

**ANSWER:**

Roles	Answer Area
Attendee	Invite attendees: Organizer
Organizer	Moderate Q&A: Presenter
Presenter	Start and stop the live event: Producer
Producer	

**Explanation:**

Invite attendees

## Live Event Roles and Responsibilities

Event organizers can invite others to the event and grant them one of two roles: Producer or Presenter. Both roles have different access and responsibilities for the Live Event. You can have multiple producers and presenters (up to 250, though only the last 10 who have spoken will appear in the producer view list).

### Box 2: Presenter Moderate Q&A Presenter Capabilities

Please see Microsoft's documentation for additional details on presenter capabilities.

Share video, your screen, or other content that the producer can then send to the Live Event. Sharing of computer audio in a Live Event is currently only supported on the Windows client of MS Teams.

Mute other presenters

Chat with other producers and presenters Moderate Q&A

Manage the event recording and reports Box 3: Producer

Start and stop the live event Producers

Producers have access and control over nearly all settings and details for an event. However, especially in larger Live Events, a producer tends to have the more supportive role of managing which video feeds, shared screens, or other content is presented in the event.

Consider limiting the number of producers for your event. Not only is the producer interface more complex than the presenters, but having more producers than needed can make coordination more difficult.

### Producer Capabilities

Please see Microsoft's documentation for additional details on producer capabilities.

Select video feeds or other content shared by presenters or producers and send them to the event Mute presenters or producers individually or collectively

Chat with other producers and presenters Start and end the Live Event

Moderate Q&A

Manage the event recording and reports Reference:

## QUESTION NO: 10

Your company has a Microsoft 365 E5 subscription that uses Microsoft Teams. The company has a department named HR. You need to ensure that when a user in the HR department creates a highly confidential meeting, a watermark is applied to the recording.

Which two actions should you perform? Each correct answer presents part of the solution. NOTE: Each correct selection is worth one point.

- A. Assign a meeting policy for the HR department users.
- B. Assign a Microsoft Teams Premium license to the HR department users.
- C. Assign a customization policy for the HR department users.
- D. Assign an Azure Information Protection Premium P2 license to the HR department users.
- E. Assign a meeting template policy for the HR department users.
- F. Assign an Azure Active Directory Premium P2 license to the HR department users.

**ANSWER: A B**

### Explanation:

Watermark requires a Teams Premium license and it is enabled in a Meeting Policy: <https://learn.microsoft.com/en-US/microsoftteams/settings-policiesreference?>
